# ROOT CAUSE ANALYSIS: THE PILA SHIELD

## PROBLEM 82%

Strategic intent is aligned, but success criteria allowed to drift into subjective milestones.

PROBLEM

## INSIGHT 45%

Reliance on vendor sales promises. Failure to perform technical logic audit during procurement.

INSIGHT

## LOGIC 12%

CRITICAL FAILURE. Technical architecture (ChangeGear) is incompatible with SOW mandate (OAuth 2.0).

LOGIC

## ASSUMPTIONS 28%

Linguistic Decay detected. Project relies on “Hope” rather than deterministic technical progress.

ASSUMPTIONS

code

```
VERDICT: THE PROJECT LOGIC A HALLUCINATION. NO AMOUNT
"PROJECT MANAGEMENT" CAN RECOVER AN ARCHITECTURAL IMPOSSIBILITY.
